Healthy Caring Superheroes

Superheroes can sometimes engage in some really rough games...and although they are busy saving the world they can forget to look after their friends in the playground.

"Super Renata" flies in with her Superhero Suitcase and guitar to dress up, sing and rap her way through a fun musical show. She talks about how Superheroes must eat healthy foods to stay strong and show our friends the importance of caring. The dress up box is full of funny costumes for the children to dramatize some great Superhero stories and songs.

A fantastic show to promote safe and fun Superhero play. Renata entwines important educational messages communicated effectively through music and drama for all young children.

After all Superhero play is fun...just so long as no-one gets hurt!!

Oh yes....and lets not forget that Renata is very very tricky!
