

Presented by

Renata Jayne

the Rhyming Instrumental show

Renata brings along a variety of instruments to sing songs and tell stories using rhyme. With the mandolin, ukulele and guitar and lots of audience participation we find lots of rhyming words, act out funny stories and find dress up from one of Renata's many vintage suitcases. There are cats in hats, frogs with pet dogs, bees under trees...who would have thought rhyming could be so fun.

A funny educational and musically energetic show with lots of student interaction.

All show scripts are altered to communicate important messages from each show to primary prep to grade 7, OSCH's, childcare and family day care groups.
