

THE STARTING SCHOOL SHOW

Are your kindy children getting ready to become school prep students? Here is a fun musical show learning about the transition from kindy to school.

What do we pack in our school bags? How will we organise our new desk tidy tray? Can we tie our shoelaces?

Renata comes guitar in hand with lots of information and some silly things to try and trick us.

We sing songs and laugh a lot as we learn all about how to be more independent and transition into primary school.
